### ***PAINT WHAT YOU LOVE***

When painting flowers and nature, the possibilities are endless. With watercolor and acrylic ink mediums you can capture the soft character and detail of each petal or interpret their shapes in a fascinating abstract setting in a painting. For those who like to sell their work, flower paintings are a customer favorite! My demo includes step by step instruction of a flower painting and the care of fresh flowers. She will also discuss how to plan your painting images and which flower paintings are best sellers.

**L**inda Lucas is an artist and workshop instructor who lives in Punta Gorda. She specializes in watercolor and silk painting. She teaches art in Chautauqua Institute, NY, and ArtCenter Manatee, Bradenton, FL, as well as in other areas on occasion. Working for over 25 years as an FTD florist she has carried those skills over into her paintings. Linda's Facebook page <https://www.facebook.com/artbylindalucas> includes news about upcoming workshops in your area and is a good way to stay in touch.
